RESPONSIBLY MADE IN DENMARK

We believe that creating a universe of creative play and preserving our natural world aren't mutually exclusive goals.

What does that look like for Plus-Plus? It means all of our products are approved for food & beverage, BPA, PVC, and Phthalate-free polyethylene, ensuring our pieces aren't harmful for little ones exploring our world.

It means utilizing **100% renewable energy** to power our factory entirely through wind power. It means our pieces are **made in Denmark** to ensure quality and to guarantee responsible manufacturing.

The best part? **All of our Plus-plus pieces can be recycled** – helping us all protect our small slice of the universe where imaginations grow.
